

Mackenzie Health
Executive Vice President, Chief Operating Officer and Chief Nursing Executive

"Create a world-class health experience"

Mackenzie Health -- a dynamic regional healthcare provider in one of Canada's fastest growing communities, serving a population of more than a half million people across York Region and beyond, conveniently located just north of Toronto -- is proud of its people and their dedication to creating a world-class health experience. Nationally recognized for its commitment to safety and quality patient care, Mackenzie Health is a healthcare leader with a wide variety of academic partners and includes Mackenzie Richmond Hill Hospital, the future Mackenzie Vaughan Hospital, as well as a comprehensive network of community-based services in Richmond Hill, Vaughan and the surrounding communities. This is a time of incredible transformation at Mackenzie Health, as the organization prepares to embark on a major change that will significantly expand their program/service capability while evolving their organizational culture and identity.

Reporting to the President & CEO of Mackenzie Health, the Executive Vice President, Chief Operating Officer and Chief Nursing Executive (EVP, COO & CNE) is a key member of the Senior Leadership Team and is responsible for overall strategic and operational leadership, working collaboratively to achieve Mackenzie Health's mission, vision and values.

The EVP, COO & CNE will be instrumental in leading a very broad and complex clinical portfolio, as well as providing oversight for the opening of the Mackenzie Vaughan Hospital. With a dual focus at all times, the EVP, COO & CNE will lead and support a full range of initiatives related to improving the Patient Experience across all clinical programs, as well as play a significant leadership role in the operational readiness planning process related to the opening of the new hospital.

A highly visible and influential leader, the EVP, COO & CNE will be a key clinical resource and collaborator. The successful candidate will work closely with the Senior Leadership Team, Program Directors, Physician Leaders and all members of Mackenzie Health, to ensure alignment between the organization's vision, strategy and operations that emphasize *"high quality, efficient and patient-centred care...a cultural journey of patient and family-centred excellence."*

The preferred candidate will have successful operational and clinical Vice President experience in a complex health system or regional service delivery environment. A Master's Degree in Nursing or related field is required, as well as current registration with the College of Nurses of Ontario.
